One good cause. Many great effects.

One positive change often leads to another. At KPMG, we understand the tremendous impact one good cause can have across a community. That’s why we are proud to support Openlands as it works to protect our open spaces and improve climate change.

thank you

Openlands extends our heartfelt gratitude to Marion Parry for generously providing the stunning floral arrangements featured at this year’s Luncheon. Hand sourced from surrounding midwestern states, the vintage glassware used in these arrangements originates from the turn of the last century and represents our region’s shared history.
